

WHAT OUR CLIENTS SAY

Discovering Botswana and Namibia

Travelling with Fleet Foot Safaris through Botswana and Namibia was a fantastic experience. The beautiful nature and animal sightings we saw during our game drives or boat trips gave us memories we will never forget. And travelling with Hennie from Fleet Foot Safaris with the great food and wines provided adds a very special sauce to the mix. The trip was very well organised by the Fleet Foot team. The accommodations we visited and the camping facilities were excellent.

Dream Safari

Hennie and his team made our African safari memorable. Everything was planned out perfectly. We knew who was going to pick us up at various locations, it was a “soup to nuts” extremely well planned out trip. We felt safe and in very capable hands because of the detailed planning that Hennie and his team executed. It was a seamless experience thanks to this organization. Definitely a perfect choice for our South African adventure. Look no further, this should be your one and only choice for your South African safari.

Lori, Facebook

African Adventure

We utilised Fleet Foot Safari to arrange our African adventure 2 years ago, we had a fantastic time, no problems encountered, everything went to plan smoothly. I can thoroughly recommend them to anyone travelling to Africa.

Ray, Facebook

Flexible, listen to their clients' needs, excellent execution on custom tailored trips

We did our 3rd trip with Fleet Foot Safari during New Year holidays 2021-2022 around Cape Town and along Garden route. Our trip lasted for 9 days and ended in Port Elisabeth. They provided us with a car and a driver and booked all accommodations and restaurants for us. As always with FFS, everything went just perfect. Accommodation they booked for us was really upscale and luxurious. We did not realize upfront how busy the area would be (mostly with South African tourists), so pre-booking was super essential. The only disappointment we had (nothing to do with FFS) was absence of great white sharks. The cage diving company we went with said last time they saw them was in June, so call upfront before booking. You might get to see some other species of sharks (we saw essentially zero), but it is not a viable substitution. And if you (like us) plan on visiting more than a few wineries, go with a driver! Talking about wineries, our favorite was <https://bosmanwines.com/>. Perfect location, excellent whites. Let me know if you need any tips on what to see.

Maxim, Safari Bookings

Wow experience

Travelling with Fleet Foot on their wine, flowers and stars tour has been an amazing experience! Everything was well organised, good accommodation and very informative. The Fleet Foot team of Hennie, Andy and Charles were fantastic and attentive to everyone's needs. Will definitely travel with them again.

Friends, Safari Bookings

Great experience

Fleetfoot Safaris lived up to all my expectations - transfers, game drives, excellent campfire suppers with wine included in the package. Our tour guide Hennie Bekker was a fund of information about the birds, animals and trees of Kruger. He is a fun loving laid back guy who went out of his way to give my friend and I a memorable safari and we both hope to be back again one day.

Pat, Trip Advisor

Excellent Knowledge, Professional Safari Guide

From the initial communication till leaving us at the airport at the end of our Trip, Hennie was an exceptional host. He took good care of us on our Capetown/Brenton/Addo/Kruger trip. Highly recommend.

James, Safari Bookings

WHAT OUR CLIENTS SAY

Fleet Foot safaris delivers on its promise

I could not be more pleased with Fleet Foot Safaris and Go self-drive tours. Hennie and his staff could not have been more professional and accommodating. Hennie and his staff organized a 10-day five country tour of South Africa, Zambia, Botswana, Namibia, and Zimbabwe. The planning was soup to nuts; everything from internal flights, to transportation, to lodging, to food, to safari tours to COVID tests. Fleet Foot provided a detailed itinerary in advance, which let us know exactly what was to occur each day and who we should expect..

I was referred to Fleet Foot Safaris by Peter Robert of Gosheni Safaris, who was planning our Tanzania tour. I was so impressed with the responsiveness of Fleet Foot Safaris while planning the trip. I would send an email in the evening and have an answer the next day. Their communication and attention to detail instilled confidence in their ability to deliver. When we landed in Africa, they did not disappoint. We were so impressed with the people, companies and lodges Fleet Foot Safaris hired to accommodate us. The hotels and lodges booked for us were great, both rooms and food. The drivers that were provided were excellent, driving well-maintained vehicles. The safari tours and Victoria Falls tours were great, as well. We saw the "Big Five", in addition to many other animals and birds. Due to the number of borders we crossed and a number of internal flights, we had to take a series of COVID tests. Fleet Foot Safaris had everything planned out. They even arranged people come to our hotel room to complete a COVID test for a future flight so it was less disruptive to our tour schedule. Fleet Foot Safaris provided personnel to assist us with border crossings and rapid COVID tests.

I highly recommend Fleet Foot Safaris and its sister company GO self-drive tours. I think you will be as impressed as I am with their service and ability to deliver on what they promise.

Mountain biking in the Baviaans

The mountain bike tour to the Baviaans was an incredible experience. I loved the fact that we got a real insight into the area. We stayed in lovely places and riding through the reserve itself was one of my best experiences on a mountain bike. Elmor Elaine and Hennie are all wonderful hosts and very organized.

Friends, Safari Bookings

A truly amazing experience!!

We went with Fleet Foot Safaris on our 2 week Africa vacation with destinations including Victoria Falls, Chobe, Capetown, and Kruger. Hennie, Elmor, Jaco, and Lionel are the best!! They are the best hosts, travel agents, guides, and chefs, all rolled into one. The team worked with us to plan a multi-segment trip for our group of 12. They arranged for our stay in places which were really nice, our activities were well planned, and they were very open to making changes as needed. They anticipated and took care of all our needs, for instance, Elmor stocked our apartments with fruit and water by the time we checked in. And Hennie cooked and arranged some of the fanciest breakfasts and dinners. Their knowledge of wildlife, history, politics and current events in South Africa is impressive. Strongly recommend using their services for your vacation planning.

Dee, Safari Bookings

Fabulous trip

The company has showed an excellent sense of communicating, organizing and planning a 3 persons family trip. Our inceptive points of interest have been well taken into account. The result was a fabulous trip, fantastic discoveries of South Africa, its games and natural picturesque sites. The guides were professional, knowledgeable, reliable and friendly. Our experience was above expectations and we certainly be back to Fleet Foot Safaris for other destinations.

Florin, Safari Bookings

Fleet Foot Safaris delivered in a first class fashion!

Mr. Becker planned a great itinerary on short notice. He was very helpful and did his best to take care of all our requests. He was very prompt in responding to our questions and arranged very comfortable accommodations. He incorporated national park as well as private game reserves into the safari experience and we were able to see all the big five as well as numerous other animals and birds. In short, he was very personable and helped my son (who took me on this amazing adventure), make my dream come true of going on an African Safari and seeing all these magnificent creatures in their natural habitat on the African veldt - an experience to cherish for a lifetime!

WHAT OUR CLIENTS SAY

Fleet Foot safaris is the best

Even at age 95 I travelled with FLEET FOOT to the Greater Kruger and Kruger Park, mainly in a wheelchair and walking stick but with the support of the team I managed well. The way they are taking care of clients our age is just amazing.

With FLEET FOOT SAFARIS we did: 3-times Kruger and Greater Kruger (Sabie Sands); Namibia at Etosha and Sossusvlei as highlights twice; Chobe and Okavango Delta once; Victoria Falls once; Addo Elephant Park and Greater Addo 3-times; Kgalagadi and the Kalahari desert once; Kwa Zulu Natal and Drakensberg once; Eastern Cape Parks once; Serengeti in Tanzania once; Western Cape winelands 3-times; Namaqualand once and Karoo basin once.

If you want to age well go on a winelands tour with FLEET FOOT SAFARIS and let them introduce you to some of the best red wines in South Africa.

The memories that stays with me in my more constraint state of immobility is the happy hours around campfire with Hennie freshly preparing food, cooking out a storm with a wine in the hand and Africa's highlights painted beautifully by the team of FLEET FOOT.

We introduced our family and friends to FLEET FOOT and we are all in agreement that this is the way to go.

I wish Hennie and his team all the best

Janet, Facebook

Well prepared, patient, informed and fun.

Wine, Stars and Wildflowers was a fantastic trip from start to finish. There's no problem whether you are a group, couple or single and the people we met on the trip made it memorable. We were blessed to see lots of flowers and our guides, Nicky Morris and Eugene shared their passion abundantly. All accommodation and food was good and our vehicle very comfortable. Plenty of loo and coffee breaks along the way. Hennie, Andy and Charles did make this trip fantastic. Thank you.

Jeni, Safari Bookings

Thank you

We couldn't be happier with fleet foot safari, they were great and easy to deal with, very professional. The itinerary that was really good, this was our first time in Africa and we really enjoyed our time. We got to spend time with Fleet Foot team for a couple of days while we were there and they were amazing people! We had a great time, tons of laughs, everyone was very personable. At the end of the trip, we didn't only had a fantastic time, we also have also made some good friends, and hopefully we will get to see you guys again soon! Thank you so much for everything.

Jilly, Safari Bookings

A very memorable trip was led by experienced, knowledgeable guides who also fed & sheltered us well.

We would recommend this group to friends and family (and we already have) for a great "African experience." We were well informed on what the trip was, where we would be going and staying, what we needed as to the different countries currencies, visas, etc.

We really did love the whole time we were on this trip.

Martin, Safari Bookings

One of the best trips I have ever done. (team and the natural beauty)

The Fleet Foot team organized a fantastic trip through Botswana, Zambia and Zimbabwe. The countries were amazing in their wildlife and the possibilities to get close to them while being in remote areas. The evenings in the lodges were good but especially the bush camping added an extra element to the experience. Sitting around the campfire enjoying great food and wine and that in the middle of the nature and no fences. What a special feeling that was. The team definitely added to the whole trip experience with their professionalism. They became way more than just Tourguides. Will be planning a next trip with them soon.

Henk, Safari Bookings

WHAT OUR CLIENTS SAY

A first-rate business that delivered a memorable safari

From the first meeting with Hennie we were impressed with his enthusiasm and integrity in all our dealings with Fleet Foot Safaris. Once we had an idea of which areas of Botswana were feasible, Hennie soon sent us a preliminary tour itinerary package and quote set out with good descriptions of each day's expectations, travel mileage and the accommodations. We are senior citizens and Hennie assured us that he could offer us what he called a 'non-participatory safari' which means that we ate (Hennie is a gourmet chef and braai master), but we did not cook, we camped, but the team set up the camp and tents, we had game drives, but did not have to do the driving and navigating! Hennie arranged a good mix of wild camping and accommodation in Botswana's tourist lodges which gave us a taste of both worlds. We experienced what the Okavango Delta had to offer, camped in the Kwai Community area, travelled through Savuti, enjoyed a game drive and river cruise on the Chobe River, marveled at the Victoria Falls and were surprised at the silence and expanse of the Makgadikgadi Pans. We would recommend Fleet Foot Safaris to anyone who is interested in a trip through Botswana or for that matter anywhere that they offer tours or safaris.

Conrad, Safari Bookings

Botswana, Namibia, Zambia, Zimbabwe

We took this amazing tour with Hennie Becker our tour guide and it was a once in a lifetime experience. The company was excellent, the food was soooooo good (loved the cooking over the open fire), the wine was out of this world! and the activities were extremely well organized. We experienced things we just read about in fancy magazine articles. Coming from Canada we love "our" Niagara Falls, but the Victoria Waterfalls have a magic that silenced us all. Thanks to Hennie and his crew for catering to all our needs - we would like to have you as a tour guide again and we will definitely tell our friends about this wonderful experience.

Riana, Safari Bookings

Friendly, efficient, very caring, knowledgeable and totally organized

This trip to the Namaqualand was the most amazing experience. The itinerary was well thought out - we stayed in the most quaint and luxurious places, visited a wide variety of areas all with different sights, did great things such as star gazing, bottling our own wine, guided field walks and talks, and enjoyed the BEST hospitality and food in EVERY venue. The guides Hennie and Andy were truly amazing. Friendly, knowledgeable, great fun and kept us all to time - yet we never felt rushed. No request was too big or too small for these amazing gents.

The whole programme went like clockwork and was worth every minute and every cent.

I am already planning my next tour with them

FULLY recommend this for any single person / group or couples. They cater for EVERYONE.

In addition, the admin side of things is so well oiled - we were constantly updated before and during the trip as things developed. I felt like part of the family

Leanne, Safari Bookings

Honeymoon Bliss

As Brie and I start our journey back home, we wanted to take a moment and thank you all for setting up an unforgettable honeymoon. From the detailed itinerary to the "happy honeymoon" decorations at each location, everything was done with class, safety and care. We would also like to thank Gosheni. Our guide Jovin was absolutely amazing. An incredible driver, but also just a genuinely kind person.

Everything went without any issues and we can't thank you all enough.

WHAT OUR CLIENTS SAY

Okavango Delta and Victoria Falls

I really loved this safari with Fleet Foot and we made good friends with Hennie, our guide. From the meeting at the airport to the end of the tour, everything was so wonderful. I enjoyed the food on the fire, the wild animals (so close to our camp area, it was very exciting), the open vehicles on the game drives, boat cruise on the Delta and the mokoros, walking in the wild together with a guide, visiting the Victoria Falls and all the unique experiences. There was never a moment to relax as we wanted to enjoy everything! After returning home, we already decided to go again. Now I am planning the next trip with them to go to Kilimanjaro.

Lily, Safari Bookings

Botswana and Victoria Falls...magical!

We had a wonderful 5 day 4 night experience with Hennie Becker of Fleet Foot Safaris in Vic Falls and Botswana. We had just come off a group tour of South Africa that was great, but to have the personal and individualized attention and guidance of Hennie for our last 5 days, was a whole new dimension to our trip. Our accommodations were perfect and beautiful. Hennie wanted us to see the Falls from the Zimbabwean side as well as Zambia, and it was well worth the additional visa fee and walk over the bridge. The Falls were spectacular and we were fortunate to see them at a high water mark. The cruise on African Queen was a wonderful and a perfect activity for our first day in this area. Our subsequent game drives, and game cruise on the Chobe, provided plenty of animal viewing and Hennie provided interesting historical and background information on the places and things we saw. He has a passion for Africa and the bush country. He was always willing to accommodate any interests or needs that we had and to offer his suggestions on what he thought we should (or shouldn't) spend our time and money on, etc. Eric, our driver, was also very nice and knowledgeable, efficient and helpful. This trip was a bucket list item and lived up to and surpassed our expectations thanks to Fleet Foot and the magic of Africa. If Africa is in your future and I guess it would be if you're reading this review, I don't think you can go wrong with Fleet Foot. We certainly didn't and I wouldn't hesitate to recommend Hennie and his staff to anyone.

Celeste, Safari Bookings
